PROJECT

AI Code Review & Bug Detection Platform — LLM Project

Built an AI-powered code analysis tool using Python (Fast API) and React that uses LLMs (GPT-4 / Llama-3) to detect bugs, security issues, and performance problems in source code. Implemented auto-fix suggestions, code-quality scoring, and multi-language support with an interactive Monaco-based editor.

TECHNICAL SKILLS

Programming & Development: Python(Fast API, Rest API), Data Structure Algorithm with C/C++, Web Development, (HTML/CSS , React , React.js, Node.js And Java Script) Responsive Design, Infrastructure as Code (IaC)

AI & Machine Learning: Azure Cognitive Services, Computer Vision Applications, Generative AI, Nutanix AI Platform, LLMs, Prompt Engineering, NLP Basics

Cloud & Infrastructure: Microsoft Azure, Microsoft Fabric, Google Cloud Platform, Compute Engine Load Balancing, Nutanix Hyperconverged Infrastructure (HCI), Multicloud Automation, End-User Computing (VDI/DaaS)

Automation & Orchestration: Nutanix Calm, Cloud Automation, Infrastructure Automation, Workflow Orchestration

Data Engineering: Microsoft Fabric Data Engineering, Data Fundamentals, Data Pipeline Management

Content & Design: SEO Optimization, Copywriting, Web Design, Logo Design, Marketing Materials

Tools & Platforms: Azure Portal, Microsoft Fabric, Google Cloud Console, Nutanix Prism, Nutanix Calm, Content Management Systems

Databases: MongoDB, MySQL

SOFT SKILLS

Creative Problem Solving | Team Collaboration | Client Communication | Project Management | Time Management

CERTIFICATIONS

Cloud & Infrastructure:

- Microsoft Certified: Fabric Data Engineer Associate – Microsoft (Earned: November 2025)
- Microsoft Certified: Azure Fundamentals – Microsoft (Issued: December 2025)
- Nutanix Certified Professional - Artificial Intelligence 6 – Nutanix (Issued: November 2025)
- Nutanix Certified Professional - Multicloud Automation 6 – Nutanix (Issued: November 2025)
- Nutanix Certified Professional - End User Computing 6 – Nutanix (Issued: November 2025)
- Implement Load Balancing on Compute Engine Skill Badge – Google Cloud
- Google Certified: Google Cloud Associate Cloud Engineer – Google Cloud (Earned: January 2026)

AI & Machine Learning:

- Gemini Certified University Student – Google
- Build a Computer Vision App with Azure Cognitive Services – Microsoft Azure
- Generative AI Certification

Data & Analytics:

- Data Fundamentals Certification
